

**WE ARE OUMANIACAL WHEN IT COMES TO PROVIDING SERVICES TO CLIENTS!**

**FACT: More Life Sciences clients in the Bay Area than any other firm\***

\*outside of the Big 4 firms

**We work with Life Sciences companies in every stage of development. Our industry specialization gives us insights into the real and unique challenges they face balancing business and science. Our team can help with:**

- Audits and reviews of financial statements
- Tax planning and compliance
- Assistance on financing transactions
- Guidance on complex or unusual transactions
- Financial due diligence on mergers and acquisitions

# STRENGTH, RELIABILITY, VISION.

We are one of the leading accounting firms in California, with offices in San Francisco and the San Diego area. We have more than 70 professionals, including several experienced partners, managers, and staff formerly with Big 4 firms.

Paul Ainslie

Paul is an assurance partner in our Life Sciences practice working with public and private companies. He is committed to the highest standards of professionalism, combined with extensive experience and personalized service. When not working, Paul enjoys running, swimming, and skiing. He has completed several marathons, including the Boston Marathon, the annual Dipsea race (the oldest cross-country race in America), and the Escape From Alcatraz Triathlon, and was a member of the USC water polo team.
