

OUM & Co. LLP Welcomes Mustafa Kagalwala as OUM's IT Advisory Director

San Francisco, CA, October 24, 2018 – OUM & Co. LLP, a top-leading and customer dedicated CPA and Business Advisory firm, announced today a new member of the OUM family, Mustafa Kagalwala as IT Advisory Director.

“We are extremely honored to bring Mustafa on board,” said Chris Millias, managing partner of OUM in San Francisco. “He will take a leadership role in developing and executing a comprehensive IT business plan, starting with our client base and moving to the market place with a strong emphasis on public companies and larger private companies.”

Prior to joining OUM, Mustafa spent 10+ years with big four public accountancy firms and has led various SOX IT, Internal Audits, and SSAE16/18 engagements. He is very well versed in the various IT technology platforms: Windows, Unix, AS400/OS400, DB2, SQL, Oracle, and IT processes and frameworks. Mustafa has a strong foundation and working knowledge of frameworks and methodologies complying with the Institute of Internal Auditors (IIA), Public Company Accounting Oversight Board (PCAOB), Committee of Sponsoring Organizations of the Treadway Commission (COSO), Control Objectives for Information Technology (COBIT), and Information Technology Infrastructure Library (ITIL).

Mustafa graduated with honors from Mumbai University, holds various IT certifications, including GNIT, CISA, CCSK and ISO27001LI. While in India, Mustafa did stints with EY and PwC from Jan 2008 to Sept 2010. He then moved to work with Deloitte in Oct 2010 and has since moved up to the position of Senior Manager- Risk and Resilience Technology Risk in the San Francisco marketplace

Mustafa's goals and expectations align perfectly with OUM as it relates to our strategic goal of growing and enhancing our IT Advisory and consulting practice.

About OUM & Co. LLP

OUM & Co. LLP, formed in 1976, is one of the leading CPA and Business Advisory firms in California with more than 90 professionals. OUM is committed to integrity and quality service, resulting in long-term relationships – many spanning decades – with public, private and high net-worth individual clients.
